Lenovo's IdeaPad Yoga 910 and 910S (full and slim versions) join the ranks of the foldable, foldable Yoga tablets that will make their way into your life in 2015. At first glance, the IdeaPad Yoga 910 and 910S appear to be smaller copies of Lenovo's Yoga Tab 2 10 that launched earlier this year. This means the new IdeaPad tablets can be folded closed for a smaller profile, folded open for a wide viewing angle, or folded closed and zipped up to become a handy

Pricing for the IdeaPad 910 and 910S is still to be announced, but these models are slated to hit the market in the first half of 2015.Woman who raped toddler is jailed for life Published duration 2 February 2018 image copyright Northumbria Police image caption The woman was seen in an Salford convenience store by two officers who arrested her A woman who raped a two-year-old boy has been jailed for life.
